## Standard Volunteer Shifts

Work alongside our devoted front-line staff and Culinary Job Training students to cut, chop, peel and prep fresh produce as we prepare balanced meals for our community. You'll do this transformational work in an uplifting new facility designed to fight hunger at its roots. No cooking or food service experience required!

**Monday through Sunday**

**9 am - 12 pm**

**Monday & Friday**

**2 pm - 4 pm**

**Tuesday through Thursday**

**6 pm - 8 pm**

*Additional afternoon shifts available via special arrangement.*

## Clean with DC Central Kitchen

Gleanings support local farms and help prevent food waste! Throughout the peak growing season, volunteers will meet us at local farms to pick fresh produce that they could otherwise not harvest or sell. DCKK will use these ingredients to prepare and deliver nutritious meals to community partners throughout DC. No experience is required!

Gleaning season runs from late May through October each year! Shifts are hosted on specified weekdays from 9am-12pm about twice per month during Gleaning season. Contact us for more information!
